

RIVAPPARTAMENTI

is at your side for a safe holiday
We are waiting for you!

Dear customers,

in order to better accompany your holiday and ensure maximum safety, we have applied an intervention protocol that follows the law decrees issued by the Italian Government and the Autonomous Province of Trento regarding COVID-19 prevention

The protocol provides:

- adequate training for the reception staff and employees of the new hygiene measures
- equipment for employees of PPE (masks, gloves and sanitizing gels)
- at the reception and at the entrance a comfortable hand sanitizing gel dispenser and wipes
- all apartments, reception areas and common areas are sanitized and sanitized with specific products according to CE and Ministry of Health requirements
- additional disinfection of the main contact points in the apartments: doors, handles, light buttons, remote controls
- bed linen and towels supplied washed and treated at a trusted laundry, certified according to selective standards (washing tested with hygienic and microbiological control on all linen)
- sanitization of the premises with the best certified technological solutions and foreseen by the provisions for the prevention and contrast to COVID-19. A system that allows you to sanitize surfaces and objects and to significantly reduce biological risks, improving air quality and guaranteeing guests even greater emotional tranquility.

We are ready to welcome you!
